

cordially invited you to

„Fascination of Plants Day“

2024

29th May (MŠ and 1.st. ZŠ)

30th May (SŠ and 2.st. ZŠ)

Open 8:00 – 14:00

If you are interested in participating, for organizational reasons, please register and report the number of pupils/students to the coordinator of the event Mgr. Helena HutYROVÁ at e-mail: hutyrova@vupt.cz

The organizer reserves the right to refuse participation due to the capacity being filled.

Programme

A varied programme awaits you in the open air and in the light of the laboratories:

- ✦ What can water and wind do in the fields ?
- ✦ Bumblebee reality show live.
- ✦ Hidden life in the fields or discover the secrets of insect life in the agricultural landscape.
- ✦ Do we know what we eat? Mushrooms are not just for enjoyment.
- ✦ A chilling science show. What does boiling water poured into liquid nitrogen at -196°C do? Try smashing a flower into dust, or changing the shape of an inflated balloon.
- ✦ Uncover the secrets of berry plants.
- ✦ Get to know plants with all your senses.

Change of programme is reserved
